# SCOTT ALTON

(905)-242-5045   scott.alton@dcmail.ca

## OBJECTIVE

To obtain a Web Development Student position for the summer of 2021.

## SKILLS

- Well-developed knowledge of front-end technologies, including HTML5, CSS3, and JavaScript (ES6) used to build clean, responsive user interfaces.
- Exposure to several front-end frameworks, including React and Bootstrap 4, as well as jQuery and SASS, for rapid development.
- Experience with server-side languages including Node, Java, and PHP, with a strong enthusiasm to learn more.
- Proven work ethic with a constant desire to learn new technical skills.
- Ability to thrive under pressure in a team environment while adhering to tight deadlines.

## EDUCATION

**Computer Programming & Analysis Advanced Diploma**          2019-2022
Durham College – Oshawa, Ontario

- Cumulative GPA: 4.9 / 5.0 (equivalent to A+)
- Courses:  Web Development-Intermediate, Intro to Databases, Object-Oriented Programming II, .NET Development II, Systems Development II

**Bachelor of Music – Comprehensive (Honours)**          2011-2015
Wilfrid Laurier University – Waterloo, Ontario

- Developed strong creative problem solving, time-management, team collaboration and communication skills in a performance-intensive program.

## WORK EXPERIENCE

**Guitar, Piano, and Music Theory Instructor**          2016-Present
Various Companies – Ontario

- Deliver engaging, tailored music lessons to students based on their unique interests, preferred learning style, and creative goals.
- Provide constant communication and feedback to students and their parents to ensure that practice expectations are clearly understood and to address potential inquiries or behavioral issues.
